I've asked our OPPT leaders to take a look on Monday morning and they haven't gotten back to me yet. I will followup today.  
Stay tuned...

Nancy,

Your team told our team that the PFAS numbers are stuck at you. If you could please get us (/OCFO) something workable as soon as possible, we're getting lots of pressure from the Hill to get that info to them quickly.

Thanks so much for your help when there's already so much going on,  
Paige (& Holly)
